

1. Device Name	VC WIPES			
2. Description	Non Woven Spunlaced Fibre, Low extractables, Solvent Resistant, Cloth like softness, Non Abrasive, Autoclavable, Highly Absorbent, Extremely Low Lint, Reinforced Strength			
3. Product Codes & Sizes	Product Code	Size	Barcode	Shipper Barcode
	VC600	60 x 32cm	9311059405014	29311059405018
4. Recommended Applications	<ul style="list-style-type: none"> Food Processing Food Manufacturing Food Service Pharmaceutical Medical Laboratory 	<ul style="list-style-type: none"> Clean Room Environment Chemical Cleanup Aerospace Industry Transportation Industrial Cleaning Cleaning 	<ul style="list-style-type: none"> Surface Preparation Electronics Spray Paint/Painting Industrial Car Industry Manufacturing 	
5. Standards & Approvals	<p>VC Wipes are tested to and complies with;</p> <ul style="list-style-type: none"> Manufactured in accordance with ISO9001 Management Systems 			
6. Materials	90% viscose, 10% polyester, cloth weight 60g/m2			
7. Dimensions	SIZE	WEIGHT GRAMS per m2	THICKNESS	APERTURE PER INCH²
	60 x 32cm	60	0.37mm	22
8. Physical Properties	DESCRIPTION	CD	MD	
	Elongation at break (%)	58.6	22.4	
	Tear Strength (N)	10.3	12.2	
	Break Strength (N/5cm)	63.2	84.3	
9. Colour	White			
10. Absorbency Performance	Speed of absorbability (s/5cm), Capacity of Liquid Absorbability (%) 837 Note: Standard used FZ/T64012			
11. Packing	Quarter Folded 50 pieces will be packed into a poly bag. The number contained in each poly bag determined by count.			
	6 polybags are packed into inner box, 2 inner boxes per export quality shipper carton, giving a total of 600pcs per shipper.			
12. Shipper Carton Specifications	LENGTH (mm)	WIDTH (mm)	HEIGHT (mm)	GROSS WEIGHT (kg)
	370	330	560	9.0
13. Storage Conditions	Store out of direct sunlight in dry conditions between 10 °c and 30 °c.
