## Wattage switchable

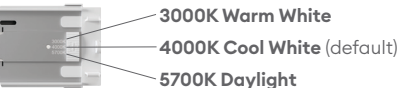

Borealis Versa provides four outputs in one product, resolving the need for a single or twin option and adding flexibility on site.

Highest wattage is default setting

Product	Wattage output	Lumen output (max)
4ft	18 - 25 - 31 - 37W	2775 - 3750 - 4650 - 5550lm
5ft	28 - 38 - 48 - 56W	4200 - 5700 - 7200 - 8400lm
6ft	33 - 45 - 56 - 67W	5025 - 6750 - 8400 - 10050lm

## Light quality (CCT switchable)

Our colour switchable battens allow you to stock 3 colour temperatures in 1 product

## Efficacy

Class leading efficacy reduces typical 34W down to 28W.

## Energy Rating

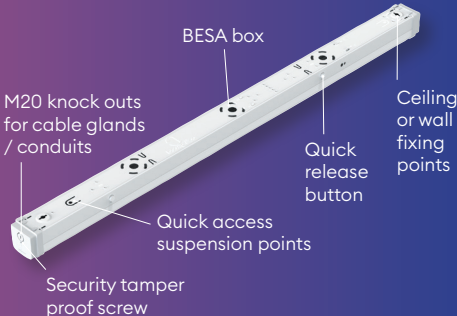

Energy rating C

## Mounting options

With conduit/cable gland entry points on both sides and the back of the batten, plus a removable terminal block for added convenience. Wiring can also be concealed behind the fixture or linked via the loop-in, loop-out terminal, accommodating a wide range of installation needs.

The Borealis Versa can be surface-mounted via pre-drilled holes for solid ceilings or walls, suspended using a chain, or mounted with BESA. The gear tray is fully removable or can be suspended from the base for easy installation.

## Easy installation

The newly designed quick-release buttons are now more ergonomic, placed on both sides, easily separate the diffuser and gear tray from the base. Hanging clips ensure secure placement, making setup more convenient and efficient.

## Plug & play kits

Versabox plug and play kit range to accommodate project requirements

Manual test Emergency	: <b>ACKITMANEM</b>
Self test Emergency	: <b>ACKITSELFEM</b>
DALI-2 Emergency*	: <b>ACKITDALIEM</b>
