LED LAMP SPECIFICATIONS:

Luminaire lumens at 20W	2000 lm
Rated wattage	20W
Nominal life time of the lamp	20,000 hrs
Colour temperature	4000K
Number of switching cycles before premature lamp failure	10,000
Dimmable	No
Nominal beam angle	110°
Rated power	20W
Displacement factor	0.92
Lumen maintenance factor at end of nominal life	0.9
Starting time	<0.5s
Colour rendering	80
Colour consistency	<6 SDCM
Lumen efficacy	100lm/W
Charge input	5V ——— 2A 50/60Hz

eterna.

Pack contents: 1 x LED floodlight, USB-C to USB 1m cable

Made in China

READ THIS FIRST:

This product contains glass, care must be taken when assembling, fitting or handling to prevent personal injury or damage to the product.

As the buyer, installer and/or user of this product it is your own responsibility to ensure that this fitting is fit for the purpose for which you have intended it. Eterna Lighting cannot accept any liability for loss, damage or premature failure resulting from inappropriate use.

This unit is suitable for both indoor and outdoor use (not to be used outside when charging).

Do not charge in the bathroom or near water.

Do not use this portable floodlight where there are flammable liquids or gasses.

This product is not intended to be used by children and persons with sensory, physical and/or mental impairments that would prevent them from using it safely.

EVENTUALLY, YOU MAY WANT TO REPLACE THIS PRODUCT:

Regulations require the recycling of Waste from Electrical and Electronic Equipment (European "WEEE Directive" effective August 2005–UK WEEE Regulations effective February 2014). Environment Agency Registered Producer: WEE/GA0248QZ.

When your product comes to the end of its life or you choose to replace it, please recycle it where facilities exist - do not dispose with household waste.

CLEANING:

Clean this fitting only with a soft dry cloth. Do not use any chemical or abrasive cleaners.

IF YOU EXPERIENCE PROBLEMS:

If you believe your product is defective, please return it to the place where you bought it. Our Technical Team will gladly advise on any Eterna Lighting product, but may not be able to give specific instructions regarding individual installations.

BATTERY CHARGING:

Charge times from full discharge are as follows:

3 hours charge time with the Type C USB cable included.

Battery info: 3.7V 4400mAh Li-Ion battery.

The switch has 3 settings:

Press once to turn on at 50% light output Press a second time to turn to 100% light output Press a third time to switch Off

BATTERY POWER INDICATOR:

4 blue LEDs to indicate charge status.

INDUSTRIAL BATTERIES:

Within certain products Eterna Lighting Ltd places lead acid, lithium ion, nickel cadmium & nickel metal hydride batteries on the market. Industrial batteries are subject to waste regulation under the Waste Batteries and Accumulators Regulations 2009 and should be disposed of responsibly. Purchasers may be able to dispose of their waste industrial batteries locally via legitimate licensed trade waste contractors. Eterna is obliged to take back, free of charge and within a reasonable time, waste industrial batteries of the same chemistry supplied to a Purchaser, for treatment and recycling and is required to do this in any calendar year new industrial batteries are placed on the market. In certain circumstances, this may include batteries not originally supplied by Eterna.If any Purchaser requires Eterna to take back Industrial batteries, they should write to the Operations Director, Eterna Lighting Ltd, Huxley Close, NN8 6AB, who will then advise on the necessary arrangements for the receipt, proper treatment and recycling of, the waste industrial batteries.

To maintain the lamp and ensure safety please follow the below instructions:

DO NOT turn on the light when charging

DO NOT leave the lamp on charge for over 24 hours

Only use the charger supplied with the lamp

DO NOT use a modified or damaged charger

DO NOT disassemble the lamp

Ensure that the IP plug is in place after charging and before use.

This device utilises a rechargeable Lithium-ion battery that can rupture, ignite and cause serious injury if used improperly. Please follow the below safety rules:

DO NOT place batteries in fire or in areas of high temperature

DO NOT tamper with the battery wiring

DO NOT puncture or damage the batteries

DO NOT use batteries if they appear damaged

DO NOT immerse the batteries in water or expose to water

DO NOT alter or modify the batteries

DO NOT attempt to change the batteries

DO NOT dispose of the batteries in fire or water

 $\ensuremath{\text{DONOT}}$ use the charging unit outside, this is not IP rated
